

The Traer Lions Club is excited to announce a new service that we are starting up this year, called “FLAGS OVER TRAER.” Listed below is a brief summary of our service.

The cost for this service, done by your Lions Club members, will be \$50.00 per year. All funds raised by the Traer Lions Club are used to fund community projects, scholarships, and local donations.

A flag will be posted on your property by our members up to 5 days prior to the following holidays, and taken down after: Memorial Day, Flag Day, July 4, Labor Day, Veterans Day.

The posting is done by drilling a “permanent” PVC sleeve into the ground, in which the flag pole will be inserted. When not in use, a cap will be placed on the top of the PVC sleeve. This will be flush with the ground to accommodate mowing. We will notify 811 to locate underground utilities and will place the sleeve once this is done. If you have private underground irrigation or electric fences, you must tell us. The flag and pole will remain property of the Traer Lions Club.

Those participating in this service, please fill out the form below, and send the form back to us with your \$50.00 payment. **Your information will go on the red line**, and those that are making **this a gift to put in someone else's yard, will go on the blue line.**

The deadline for signing up for this project will be May 1, 2025. After the deadline, quantities may be limited to first come, first serve!
